### **ATTENDANCE**

The Music Academy at Point Washington seeks to uphold high standards of music education by using best-practice instruction, challenging and encouraging students, and providing varied circumstances for them to practice and perform their art. We believe that all students learn best with consistent practice and instruction. Lessons are held at the same time and the same day of the week for an entire semester. Once the schedule is established, contact your instructor and the academy director if you are having unforeseen issues with your scheduled time. We encourage you to anticipate conflicts for each semester to ensure you have a time that works best for you.

#### **There are no excused absences for regularly scheduled private lessons. At least three group lessons are available throughout the year to serve as makeup lessons or BONUS lessons to anyone who wants to attend!**

- If a student needs to miss a lesson for whatever reason (sickness, schedule conflict, vacation, etc.), students may take advantage of the scheduled group makeup lessons in either or both semesters. The student’s absence from the lesson does not change monthly tuition. Life happens! These absences are expected and

are built into tuition costs so that there is not a change in monthly tuition for missed lessons. We encourage you to notify the instructor as soon as possible.

- If an instructor has to cancel a lesson, the instructor will provide a time to reschedule that lesson within 30 days.
- Lessons on holidays (indicated in the schedule below) will have a scheduled alternate date. Your lesson will be at the same time on the new day.
- If you are sick or are experiencing symptoms (Covid-19, flu, cold, etc.), notify your instructor immediately and we will NOT meet for a lesson for the safety of everyone. Students can take advantage of group lessons at another time.
